To whom it may concern

It is our honour and pleasure to write this for Naomi & Werner Wilfried Stolze owners of WS Pianos. They were a game changer in the World Choir Games 2018. Their commitment was phenomenal and was always available to assist when needed!

Their planning, scheduling, support and concert preparations are legendary. They are extremely organized and had solutions to any problems we threw at them. They maintained all the pianos for the WCG2018 including the practice pianos. This power couple is like a well-oiled machine.

They are always up to date with the latest trends and practices in the world of piano servicing. My team and venue managers were impressed with the communications and updates they received on the progress. Werner has the ability to tune any piano. His knowledge is extraordinary and his understanding of the piano and caring for a piano is profound.

WS Pianos is owned by the most honest, prompt, reliable and professional dynamic couple.

We highly recommend WS Pianos to any piano owner for tuning, buying, transporting or technical services.

You will not be disappointed.

Yours faithfully
